2011 Wildcrafted Herb Prices

Our Sea Vegetable and Herbal Products Catalog is available upon request

To order by phone call (541) 846-7995

Our business hours are Monday through Friday, 8:00 a.m. to 5:00 p.m. Pacific Time

We have been harvesting medicinal wild plants, seaweeds and fungi for over 25 years; we understand and care about the plants we work with. Each herb is harvested during its prime stage of development, in a way that causes minimal impact on future plant populations. We prefer to charge a higher price for our herbs and take the time to do the job right.

We do not keep wildcrafted herbs in stock; we harvest them for people that order them. This way you always get fresh herbs, and good herbs never end up getting old in storage and going to waste. **Herbs are only available in season, so order before the season starts.** We will ship your herbs when they are ready, by USPS, UPS or FedEx. We charge you the actual shipping cost, with a \$12.00 minimum (orders from this pricelist may not be combined with orders from our Sea Vegetable and Herbal Products Catalog).

All orders must be prepaid (by check or money order) unless other arrangements have been made. There is a 2% monthly late charge on overdue accounts and a \$25.00 fee for bounced checks. Prices and availability are subject to change without notice. **We do not accept returns of wildcrafted herbs unless we have made a mistake.** Please check with us before returning anything.
